

All the Cool Kids Wash their Hands

Lyrics and Music by Joe and Jack McLean

All the cool kids wash their hands.
Yeah, all the cool kids wash their hands.
Before breakfast, lunch and dinner, if you wash your hands you're a winner.
All the cool kids wash their hands.

All the cool parents wash their hands.
Yeah, all the cool parents wash their hands.
After treating a cut or wound, before during and after preparing food.
All the cool parents wash their hands.

Spiderman and Wonder Woman always rush to save the day.
But you can be a superhero just by keeping germs away.

All the cool kids wash their hands.
Yeah, all the cool kids wash their hands.
If it's nice go outside to play but when you come home scrub those germs away.
All the cool kids wash their hands.
All the cool kids wash their hands.
All the cool kids wash their hands.
